

Have you wondered what is going on with the world?

The past few years seem to have played out like a bad science fiction nightmare. First, we had a global pandemic – covid-19, which resulted in people being lockdown in their homes. Now we have a war in Ukraine which has the potential to go global and possibly even nuclear. Additionally, we are witnessing significant increases in the cost of living, evident in costs for fuel and food.

Then while things seem they cannot get any worse, there is talk of a global recession and monkeypox. It has even been stated that the four horsemen of the apocalypse have been unleashed. So, what is happening to the world? How can you understand what is taking place? Have the four horsemen been unleashed?

Have the four horsemen been released?

Some people believe that the Bible is irrelevant and does not have any importance in a scientific and rational, inclusive world. However, to dismiss the Bible would be detrimental to finding the truth of what is happening.

The Bible, in ancient prophecies, explains what is happening today.

Whoever calls on the name of the LORD will be saved!

Romans 10:13

The first horsemen: Rev. 6:1-2

I watched as the Lamb opened the first of the seven seals. Then I heard one of the four living creatures say in a voice like thunder, “Come!” 2 I looked, and there before me was a white horse! Its rider held a bow, and he was given a crown, and he rode out as a conqueror bent on conquest.

One way of understanding the first rider is that it symbolises slavery – servitude. It makes slaves of humanity.

The second horsemen: Rev. 6:3-4

When the Lamb opened the second seal, I heard the second living creature say, “Come!” 4 Then another horse came out, a fiery red one. Its rider was given power to take peace from the earth and to make people kill each other. To him was given a large sword.

The red horse symbolises peace being taken from the earth. Presently, the world is in a state of fear. The war in Ukraine seems to be escalating. The possibility of not only the UK entering the conflict but of WW3 is a real possibility. Likewise, so too is the use of nuclear weapons.

In addition, we are hearing of China invading Taiwan and things escalating between Iran and Israel. Peace certainly seems to be lacking in the world.

The third horsemen: Revelation 6:5-6

When the Lamb opened the third seal, I heard the third living creature say, “Come!” I looked, and there before me was a black horse! Its rider was holding a pair of scales in his hand. 6 Then I heard what sounded like a voice among the four living creatures, saying, “Two pounds of wheat for a day’s wages, and six pounds of barley for a day’s wages, and do not damage the oil and the wine!”

The UK, like other nations, is seeing the level of inflation rise significantly. The cost of fuel and food are escalating at an astronomical rate.

In other countries, famine is setting in. Food insecurity is taking hold of nations as people find little respite for hunger.

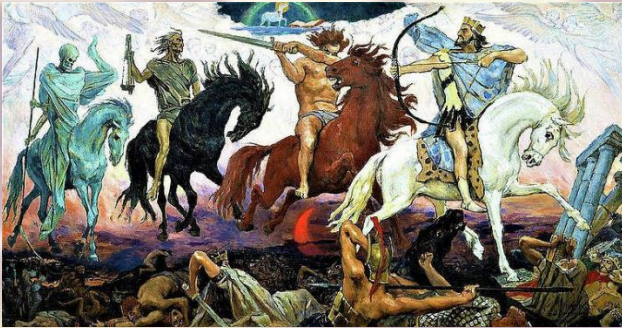

News of an impending global depression gets louder as the bell of doom rings out, warning people of the dark days ahead. But is this not all a coincidence? Can world events be fulfilling what some refer to as Bible prophecy?

For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord. Romans 6:25

The Fourth Horsemen:

Revelation 6:7-8

When the Lamb opened the fourth seal, I heard the voice of the fourth living creature say, "Come!" 8 I looked, and there before me was a pale horse! Its rider was named Death, and Hades was following close behind him. They were given power over a fourth of the earth to kill by sword, famine and plague, and by the wild beasts of the earth.

The four horsemen represent servitude, war, famine and economic collapse, followed by an intensification of the first three that witness, in the fourth horsemen, global war, famine, pestilence, and economic collapse, which see ¼ nearly two billion people die. Now, I know things are bad, but two billion people dying seems even more farfetched than the UK government's covid death predictions. Can it be true?

Sadly, we will witness a significant loss of life when the fourth horseman is unleashed. Now, while some dismiss the Bible, what is transpiring is a fulfilment of Bible prophecy. **We ARE living in prophetic days.** Furthermore, what is evident from the past few years is the fragility of life. The human body does die. No one lives forever. Now, while some believe when we die, that is it, many believe that there is something else. But what

is true, and what has this got to do with the four horsemen? The reality of what is transpiring is all directly related to a cosmic battle and what happens when you die.

According to the Bible, the four horsemen are unleashed to judge the earth. The Bible informs us that because mankind has turned away from God, He has removed His hand of protection. Consequently, things get really bad and evil flourishes. Then things get even worse because people continue to do what is right in their own eyes instead of seeking God. They intensify in severity.

However, there is hope and a way out. It requires you to confess all you have done wrong – sin to God. Then, you MUST give your life to God and commit to living according to the Bible as you follow Jesus.

Now, let me give you a scenario using the four horsemen.

The recent lockdowns and covid measures plunged the world into a serfadem to a global government system. The pandemic, while enslaving people, also started to take peace from the earth. The Ukraine conflict has escalated this further, and now the world has little peace. The fallout of the conflict has placed many people globally in a state of food insecurity.

However, we are repeatedly warned that this will intensify, and we could see a financial collapse. Thus, while nations are scrambling to save the economy, the World Economic Forum and other global financial organisations advocate for a reset.

Now, some believe that we will soon see the conflict in Ukraine escalate into a global war. Alternatively, we could see a war between China and Taiwan or Iran and Israel causing a World War. However, before that happens, we will see a global famine and an economic depression. Then we will witness a World War that will exacerbate the famine. In addition, we will witness a more intense pestilence along with wild animals attacking people. Then out of the ashes of the war and economic and food crises, a man will arise and unite the world, promising peace. He will usher in the Great Reset that will establish a global surveillance system that will further enslave humanity. However, people will embrace the new order because of the chaos and hardship they have endured.

Those who reject the new global system of the antichrist will be classified as domestic terrorists and hunted down.

Now, while what is coming will be unlike anything that has been before, God does provide a way out.

The battle, while physical, is a spiritual battle that seeks to enslave not only your lives on the earth but also your soul.

The way out is to **surrender your life to God. Confess all you have done wrong according to God's standard, and then commit to living according to the Bible.** Find like minded people so you can prepare for what is coming.

It is only by making the LORD your refuge that you can not only find peace but also be protected from the coming events.
